

Teacher - Maths - private elementary school and gymnasium LVA in the center of Prague

We are a **private international school and gymnasium educating in English and Czech**. We are **located in the centre of Prague**. We have **big plans** - we are growing, and expanding the areas of education, we would like to educate our students from 1st grade to passing the final exam (both Czech and international). We teach in an interesting, engaging way so that our children enjoy school.

We are now **expanding our teaching staff** with the following qualifications/knowledge:

- **Mathematics** – number of lessons based on agreement – Y8,9 or gymnazium students

Is that you? Yes, if ...

- you have a degree in the field mentioned above or relevant experience
- you enjoy learning - you've found yourself in this job, and children and students look forward to lessons with you
- you speak English on a communicative level

What will be your remuneration?

- Great job in a smaller international school and gymnasium in the center of Prague – Dlouhá street
- Above-standard financial remuneration
- Opportunity for career growth and making your ideas happen
- International team - we are very friendly and kind. We love to teach in our school

Are you interested in this opportunity? Want to learn more? **Send us your CV**. We'd love to meet you and get to know you. We look forward to it.
